PRIVILEGED AND CONFIDENTIAL
SETTLEMENT COMMUNICATION

Attached in preparation for our call tomorrow is a markup of the Scope of Work reflecting the government case team's response to the group's outline, which was provided on June 19 and further discussed in our July 1 meeting. The markup starts from the assumption that unless otherwise noted at the July 1 meeting, the revisions proposed in EPA's June 19 draft SOW are acceptable and so have been adopted.

The call is scheduled for 10 am CDT/11 am EDT.

Conference call number: (877) 226-9607
Conference code: 9220078074

Tom Krueger
